PUT YOUR BUSINESS ON THE MAP

We're inviting local businesses just like yours to get involved in our charity GPS treasure hunt — and get a little brand boost at the same time!

As part of this unique GPS-based treasure hunt, your company can sponsor one of a limited number of 'hotspots' in the game — A hotspot is a stop where players interact with a question or challenge. It's a fun, easy way to raise awareness of your brand, show your support for the community, and be part of something meaningful.

Please contact Carey or Claire via coporate@stfrancis.org.uk or 01442 869555 if your business is interested in our sponsorship packages and would like to find out more information.
